

EDUCATIONAL PROGRAMS AVAILABLE

CFPUA's Water Wizards Program, designed for K-5 students, teaches kids about the importance of conserving and protecting our limited water supply. They'll learn easy ways to use water wisely through a fun, interactive presentation.

CFPUA has a variety of educational material and speakers available for students of all ages. Staff is available to discuss issues related to water and wastewater treatment, utilities engineering/infra-structure, the environmental aspects of public utilities, water conservation and more. Facility tours are also available - more details can be found on our web-site: www.cfpua.org

Contact CFPUA's public relations office at 332-6579 (or e-mail: conserveh2o@cfpua.org) to schedule a presentation for your class.

CONGRATULATIONS

CFPUA Poster Contest Winners

In the June issue of the Kidsville News, CFPUA challenged kids to create posters using the theme "Water Use it Wisely". Children were asked to relay a message related to drinking water, water conservation or the water treatment process. The Cape Fear Public Utility Authority extends a BIG thank you to all the students that created and submitted their wonderful artwork. One winning poster was chosen for each grade level and they are showcased below. Posters can also be viewed on our web-site: www.cfpua.org / public information / education & outreach / kids corner.
